

THE VILLAGE WINES OF MENDOZA

Mendoza Villages: Catena's team is now focusing on the Burgundian concept of "village" wines.

In its 11th appearance as a Top 100 Winery, Catena offers a range of deliciously fresh, high altitude, single-vineyard malbecs, as well as a new line of more affordable "village" wines from Mendoza.

"We want to offer the flavors and the sense of place of malbec, but at much lower price than our wines from single vineyards,"

Laura Catena
